

Class: 640-01/15-01/001

Registry number: 2181-205-01-01-15-004

Split, 16 December 2015

Pursuant to provisions of Article 18, Paragraph 4 of the Regulations on the Organisation and Operation of the Institute of Kinesiology and Sport of the Faculty of Kinesiology in Split and Articles 11, 33 and 105 of the Statute of the Faculty of Kinesiology in Split I issue the following

DECISION

ON PRICES FOR SERVICES PROVIDED BY THE INSTITUTE OF KINESIOLOGY AND SPORT OF THE FACULTY OF KINESIOLOGY OF THE UNIVERSITY OF SPLIT

Article 1

This Decision regulates prices for services of the Institute of Kinesiology and Sport of the Faculty of Kinesiology in Split. The services are grouped as follows:

1. Kinanthropometry
2. Analysis of motor abilities
3. Analysis of functional abilities
 - a. laboratory diagnostics
 - b. field diagnostics
4. Psychodiagnostics
5. Analysis of posture and functional movement patterns
6. Analysis of contractile characteristics of the muscular system (tensiomyography)
7. Designing expert studies and programmes

Article 2

KINANTHROPOMETRY

Services provided listed per packages:

PACKAGE A1 – ANTHROPOMETRY 1 – “Smaller anthropometry” - (up to 12 anthropometric measures)

PRICE PER PERSON: 60.00 HRK

PACKAGE A2 – ANTHROPOMETRY 2 “Greater anthropometry” (up to 35 anthropometric measures)

PRICE PER PERSON: 120.00 HRK

PACKAGE A3 – TANITA – 418 – body composition evaluation followed by a written report and interpretation

PRICE PER PERSON: 60.00 HRK

PACKAGE A4 – DETERMINING A SOMATOTYPE + PACKAGE A2 – ANTHROPOMETRY 2 “Greater anthropometry” +

PRICE PER PERSON: 250.00 HRK

PACKAGE A5 – APPROXIMATION OF BIOLOGICAL AGE AND PREDICTION OF FINAL BODY HEIGHT by measuring the sitting height with a written report and interpretation

PRICE PER PERSON: 100.00 HRK

Article 3

MOTOR ABILITIES

Services provided listed per packages:

PACKAGE MES1 – “Explosive power of jump-type, measured on a platform” (5-8 tests on ergo jump platform Opto Jump)

PRICE PER PERSON: 150.00 HRK

PACKAGE MES2 – “Basic tests for estimation of explosive power of jump-type” (standing long jump, triple jump, sargent jump test)

PRICE PER PERSON: 120.00 HRK

PACKAGE MES3 – “Explosive power of throw-type” (medicine ball, ball – measuring the distance)

PRICE PER PERSON: 120.00 HRK

PACKAGE MES4 – “Explosive power of throw-type” (medicine ball, ball – speed RADAR)

PRICE PER PERSON: 150.00 HRK

PACKAGE MES5 – “Explosive power of speed-type” (photo cells)

PRICE PER PERSON: 150.00 HRK

PACKAGE MES6– “Basic tests for estimation of agility” (5x10, 9-3-6-3-9, zig-zag, t-test...)

PRICE PER PERSON: 150.00 HRK

PACKAGE MES6 MES7 – “Basic tests for estimation of dynamic and statistic balance on Biodex device

PRICE PER PERSON: 150.00 HRK

FUNCTIONAL ABILITIES

a) LABORATORY DIAGNOSTICS

Services provided listed per packages:

PACKAGE F1 – Spirometry-curve volume-flow (FVC, FEV, Tiff. Index, PEF, FEF75, FEF50. FEF25, MVV)

PRICE PER PERSON: 100.00 HRK

PACKAGE F2 – Progressive load test with heart rate measurement (on a running belt, cycle ergometer or rowing ergometer with identification of anaerobic threshold based on the heart rate and evaluation of certain heart rate zones)

PRICE PER PERSON: 500.00 HRK

PACKAGE F4 – Progressive load test with measurement of spiroergometry parameters (on a running belt, cycle ergometer or rowing ergometer)

PRICE PER PERSON: 750.00 HRK

PACKAGE F5 – Progressive load test with measurement of spiroergometry parameters (on a running belt, cycle ergometer or rowing ergometer with identification of anaerobic threshold based on ventilation and metabolic parameters with precise determining of certain heart rate zones)

PRICE PER PERSON: 1000.00 HRK

b) FIELD DIAGNOSTICS

Services provided listed per packages:

PACKAGE F3 – Field progressive load test with heart rate measurement (Test for a sound signal on a stadium, water and similar with identification of anaerobic threshold based on the heart rate and evaluation of certain heart rate zones)

PRICE PER PERSON: 500.00 HRK

PACKAGE F6 – Heart rate measurement during practice, match or any other sporting activity with identification of anaerobic threshold and the identification of heart rate zones)

PRICE PER PERSON: 500.00 HRK

PACKAGE FL1 – measuring the concentration of blood lactate (one sample)

PRICE PER PERSON: 30.00 HRK

PACKAGE FL2 – lactate curve with analysis of aerobic and anaerobic threshold (6-12 samples, while monitoring the functional abilities and analysis of certain heart rate zones)

PRICE PER PERSON: 700.00 HRK

Article 5

PSYCHODIAGNOSTICS

Services provided listed per packages:

PACKAGE PSYCHO1 Individual psychodiagnostics – doing the psychological tests, questionnaires, an interview with athlete/athletes, interview with a coach or other members of the expert staff monitoring athletes, interview with parents (of children or young athletes), situational monitoring of person's behaviour or team's behaviour (practice or competition), analyses of group dynamics (in team sports).

PRICE PER PERSON: 1000.00 HRK

PACKAGE – PSYCHO S- 1 supervisory hour

PRICE PER PERSON: 250.00 HRK

Article 6

ANALYSIS OF POSTURE AND FUNCTIONAL MOVEMENT PATTERNS

Services provided listed per packages:

PACKAGE PRM – Resting posturography and balance (FootScan (RSScan, Inc.) platform + Balance software with a written report and interpretation

PRICE PER PERSON: 100.00 HRK

PACKAGE PRH – Posturography and balance while walking (FootScan (RSScan, Inc.) platform + Gait software with a written report and interpretation

PRICE PER PERSON: 100.00 HRK

PACKAGE PUS – Standing posture (M-L, A-P) Posture analysis programme Zone Analyse with a written report and interpretation

PRICE PER PERSON: 100.00 HRK

PACKAGE ASS – analyses of feet status with a written report and interpretation

PRICE PER PERSON: 100.00 HRK

PACKAGE FMS – analyses of functional movement patterns FMS TEST (video recording)+ **Y- BALANCE TEST**- analyses of functional asymmetry and injury risk with a written report and interpretation

PRICE PER PERSON: 150.00 HRK

Article 7

ANALYSIS OF CONTRACTILE CHARACTERISTICS OF THE MUSCULAR SYSTEM

Services provided listed per packages:

PACKAGE TMG (ENTIRE BODY) – Tensiomyography-diagnosis of the functional muscles status (diagnostic non-invasive method providing data on contractile muscles characteristics or on their functional characteristics)

PRICE PER PERSON: 800.00 HRK

PACKAGE TMG (up to 4 superficial muscles) – Tensiomyography-diagnosis of the functional muscles status (diagnostic non-invasive method providing data on contractile muscles characteristics or on their functional characteristics)

PRICE PER PERSON: 300.00 HRK

Article 8

SPECIAL PACKAGES

Services provided listed per packages:

SPECIAL PACKAGE M1 – “Measuring 5 -7 motor abilities with interpretation (up to 20 tests for estimation of motor abilities)

PRICE PER PERSON: 600.00 HRK

SPECIAL PACKAGE AM1 – “Measuring greater anthropometry, specific package of motor tests (depending on a sport)” with analyses and written interpretation

PRICE PER PERSON: 750.00 HRK

SPECIAL PACKAGE AF1 – “Anthropometry, spirometry, spiroergometry measurements” with analyses and written interpretation

PRICE PER PERSON: 1000.00 HRK

SPECIAL PACKAGE AMF1 – “Anthropometry measurement, specific package of motor tests (depending on a sport), spirometry, spiroergometry with analyses and written interpretation

PRICE PER PERSON: 1200.00 HRK

PACKAGE HOO1 – anthropometry, specific package of tests (depending on a sport), spirometry, spiroergometry with analyses and written interpretation – special offer for athletes on the Croatian Olympic Committees programmes

PRICE PER PERSON: 990.00 HRK

PACKAGE HOO2 – anthropometry, spirometry, spiroergometry with analyses and written interpretation, special offer for athletes on the Croatian Olympic Committees programmes

PRICE PER PERSON: 700.00 HRK

SPECIAL PACKAGE “SPORTS SCHOOL” – opening a personal file with a photo session, mini anthropometry” – (height, weight, sitting height), TANITA (body composition evaluation), determining biological age using the method of the sitting height, prognostics of the final body height, analyses of the body posture, 3 tests of motor abilities depending on a sport, written report on results

PRICE PER PERSON: 300.00 HRK

SPECIAL PACKAGE “SPORTS SCHOOL – A LITTLE CHAMPION” – opening a personal file with a photo session, smaller anthropometry” – (height, weight, sitting height), TANITA (body composition evaluation), determining biological age using the method of the sitting height, prognostics of the final body height, analyses of the body posture, spirometry, evaluation of locomotor system functions (FMS), 3-5 tests of motor abilities depending on a sport, written report on results

PRICE PER PERSON: 500.00 HRK

“ALL” PACKAGE – “Entire sports-functional diagnostics” (*analysis of body posture and body composition identification, evaluation of locomotor system functions, measuring dynamic trunk stabilisation, manual functional check-up, measuring dynamic balance, measuring joint movements, risk estimation on specific sports injuries and on overstrain syndrome, measuring resting heart and respiratory functions, analysis of the body composition and type, evaluation of fundamental movement patterns, measuring explosive and reactive power of the legs and trunk, measuring speed velocity, sprint velocity and velocity of changes in movement shifts, spiroergometry testing, measuring specific-sports endurance, qualitative and quantitative analyses of eating habits*)

PRICE PER PERSON: 500.00 HRK

DESIGNING EXPERT STUDIES AND PROGRAMMES – Prices for designing expert studies and programmes are based and coordinated with the load and complexity of the working task and other prices not strictly defined and up to 100000.00 HRK determined by head of the Institute, or the Faculty’s dean if the prices are above the previously mentioned amount.

Article 9

All prices are expressed exclusive of Value Added Tax (VAT) which is additionally calculated.

Article 10

Head of the Institute does business up to the value of 100000.00 HRK, and only Faculty’s dean is in charge of all higher amounts.

Article 11

Diagnostics which is implemented within valorised competitive research projects led by the Faculty of Kinesiology are exempt from provisions on fees as regulated by this price catalogue.

Article 12

The above mentioned prices may be lower if services are provided to

- agreement partners of the Faculty of Kinesiology in Split (teaching and research based institutions, clubs, partners in project activities, national sport federations, etc.)
- elite athletes or other public persons

- on a one-day bases or more-day bases within or outside the Institute, taking into account availability, capacity, number of persons measuring and rent quotes.

Head of the Institute can approve discount to persons from the previous paragraph up to a maximum of 50% depending on the interest of the Faculty, number of persons and other, and Faculty's dean is in charge for any additional discount.

Article 13

Payments for delivered services can be made in cash at cash registers of the Faculty or by submitting an order for transferring money to the Faculty account in accordance with the issued offer or invoice within a given deadline.

Article 14

This Decision enters into force and is applied starting from the day of its adopting, and amendments and changes made to it are made according to the same procedure followed by its adoption.
