

Postgraduate Doctoral Study of Kinesiology

1st SEMESTER

First semester classes will be held in three cycles as follows:

- Cycle 1: February 24 – 26, 2017
- Cycle 2: March 24 – 26, 2017
- Cycle 3: April 28 – 30, 2017

The first semester programme includes classes in two compulsory courses

1. Research Methodology in Kinesiology
2. Quantitative Methods and Kinesiometry

Students are required to select one elective course for the first semester.

Considering the number of students on the course *Applied Medicine in Kinesiology and Sport*, classes will be held as scheduled below.

Classes for the course *Motor Learning and Motor Skills* are scheduled for the following two cycles.

Other elective courses will be held in form of consultations. Students are required to contact teachers of elective courses on their e-mail addresses.
