Evaluate perfectly!
Amazing! Anna helps us a lot with all the papers of our university and with the subjects of the university. She v
Incredible. Super effective and nice. It was a pleasure to study in an university with a coordinator like her.
Excellent

Q5: Did classes come up to yours expectations?

Q6: How do you evaluate the academic quality of the classes at Faculty of Kinesiology?

In my opinion, the classes were not prepared for Erasmus students. Teachers were not ready for teaching their subject in English, and some of them didn't show us all they could. Instead, others did really good job

Maybe I missed more from professors, more English classes and more integration into the work or in classes. I

Classes were well structured and really interesting

Very good quality! Professors works very well!

Very good. We only went to the practical classes because the theoretical were in Croatia, and they were well p

Very good. Teachers were so kind and make our lessons more enjoyable for us by talking in english. They were

Very good

Q7: Which courses did you like the most and why would you recommend them to the other students?

Kinesiology: it's a subject that I never heard about, and you learned a lot about therapeutical aspects of

I really liked Kinesiotherapy, dance and group recreation. Because of good professors and doing a lot of practi

Biomechanics, physical exercising fitness and health.

Gymnastycs (it was new for me, and it was really interesting) and Outdoor sports (rowing, sailing, cannoying...

Human Resource, because It's really interesting for peoples who's interested in sport field.

Theory and methods of the olympic racket sports for the contents and for the teacher. Beach volley and sailing

I can't choose just one. All were fantastic. Maybe the best one was racket sports because of the teacher (Gora

Nature sport and sailing. Because you learn different sport and you also enjoy them

Q8: Did you have any special problems during your stay at Faculty of Kinesiology?

No

No

No

Not, just a little bit with the language.

No

I have to change one subject because it was in Croatian and it was impossible for me to follow the subject.

No. It was perfect. Maybe it could be find to have more communication with my local university in order to kn

No

Q9: Did Faculty of Kinesiology fulfil your expectations?

Q10: Please summarize your general experience of studying at Faculty of Kinesiology in 4-5 sentences (give

It was a really nice experience, where I learned how to live alone, do my own staff and learn how to deal with responsibilities. In the other hand, I didn't learn as much achademical aspects as I would like to. I think

I had good experience with this Faculty, all are really nice and helpful. Maybe sometimes you don't get so many information or you get them late, but at the end everything it's okay. I wish that it would be more integration of Erasmus students and Croatian students and of course also with professors. But all students

My study at Faculty of Kinesiology was amazing, many practical classes were you can apply what you have stu

Really nice teacher and nice classmates, it was a great opportunity to meet another culture and another way t

I spend a really really good time in the Faculty of Kinesiology and it was an unique experience. I learn a lot of things about different sports, about how to teach and play them. I would repeat the experience for sure.

5. People, weather, univeristy and the country are amazing. I couldn't be better.

I think ir has been one of the bestia experiencia of my life and i really recommend it
