- A lot of energy and information is present in each lecture. Love the atmosphere. But i dont know how will we be graded.
- Great proffessor!
- More activity is needed, but not by the professor, but by the students. It might be because of their lack of previus knowledge.
- My suggestion to teacher is to "up" the student's requirements during class. To "up" their activity and intensity.
- No lessions at all
- Profesor Sekulić is the best profesor on entire university. Very smart and educated.
